

## THE WEATHER.

Fair and continued warmer Saturday and probably Sunday.

## Editorial Comment

The shipping board announces that up to Aug. 21 more than 1,500 tons of shipping has been completed.

The Emperor of Germany is reported so ill that the Kaiser has been compelled to go to Berlin to be with her in the castle.

Private William F. Reese, of Cerulean Springs, Ky., is missing in action, in the casualty list of August 22.

C. E. Adams of Omaha, Neb., was elected commander-in-chief of the Grand Army of the Republic for the coming year.

Thomas J. Mooney is to appeal at once to the United States Supreme Court for a reversal of his conviction for murder in connection with a bomb explosion in San Francisco, officials of the International Workers' Defense League announced.

Emmett Papin, 28 years old, for 18 years a resident of Alaska, has journeyed 4,000 miles to join the tank corps. Papin left Alaska July 12 and arrived in St. Louis August 13. He came to enlist so he would have an opportunity to bid farewell to many of his relatives in that vicinity.

So many girl telephone operators have been married lately that the officials in charge of the telephone service in London have issued a statement to clients apologizing for delays and explaining that all the exchanges are very short-handed. "The claims of love have proved too strong for many of our girl employees," says the statement, "and we are now in urgent need of a large number of operators." The impending shortage of husbands has made many girls "marry while marrying is good," and again the uniform often helps to remove the fair one's disposition to hesitate.

## TWO MORE STARS.

During the last two years, eight young men, and boys under age, have left the Kentuckian office, one after the other, to enter the army. These names are represented on our service flag:

J. Frank Logan.  
Fenton S. Cunningham.  
Oscar Jenkins.  
William Keel.  
Addison William Jones.  
Harry Tunka.  
Vernon Howard.  
Jolly B. Jones.

The last three have gone this year, one of them only a few days ago. Mr. Cunningham became ill in the fall of 1917 and was discharged and has been a linotype operator in this office for the last six months. He is in the draft for next Tuesday, having improved in health. In addition to the eight enumerated above, two more of the Kentuckian's employees are under immediate call.

They are Robert Brumfield, duck man, who is a volunteer will enter an officers' training school September 1st. Also Mr. J. Mack Newman, linotype operator, who is in the Logan county cell near at hand.

These will add two more stars to the service flag, but leaves us without an operator or editorial assistant. Only one temporary substitute operator is available and he will be within the new draft age.

## THE FAIR.

The fair this year promises to be the best we have ever had. The Henderson fair is over and the one at Bowling Green will be our only rival in the state. People from far and near are making arrangements to attend, while the advertising men are received with the greatest interest and enthusiasm wherever they go.

The exhibits in every department will be complete and the competition will be of the closest nature. There will be cattle and hogs and every possible live stock entry from many parts of the state will be here.

The races promise to be very good. Already horses from all over Kentucky and from as far south as Southern Alabama are arriving and everything possible is being done to get things in tip-top shape ahead of time. The big short-horn herd of Hanner & Meacham, of Morganfield, will be in the cattle exhibit.

# HUN DEFEAT DISASTROUS

## UNCLE SAM'S CLENCHED FIST COMES DOWN

ON THE ILLICIT LIQUOR TRAFFIC TO THE SOUTH AND TENNESSEE BECOMES A SECOND SAHARA.

### ARRESTS AND MORE COMING

The Prosecutions Threaten to Take A Far Wider Scope Than At First Thought Justified

With the passage of the United States law prohibiting the shipment of whiskey into dry territory, the ingenuity of the bootleggers, who try to get through to Tennessee with wet goods, has been met by the cleverness of the U. S. Secret Service. It is now war to the end and the "blockade runners" must combat the combined forces of the state and government. The federal authorities of both Kentucky and Tennessee have joined hands and District Attorney Merrill Russell, of Kentucky, is here in person to conduct the campaign, which he hopes will stop the illicit traffic.

Every road into Tennessee from this city is watched and from all appearances very little whiskey is getting through. The government now holds over \$100,000 worth of captured liquor, and \$40,000 worth of blockade running Cadillac's. The cars can be libeled and sold.

There has been some bloodshed. A few nights ago in an attempt near Nashville, the driver of one of the whiskey cars showed fight and wounded one of the officers in the leg with a pistol bullet. It seems the bootleggers go to any extent to get by. The other day at Springfield, Tenn., the succeeded in evading the officers by a clever ruse. Knowing that a consignment of whiskey was being run through, the Chief of Police of Springfield set up a barricade in the road. Soon a car came into sight loaded with liquor and with an 'officer' covering a man in the car with a revolver. The 'officer' addressing the Springfield chief, said: "I have this gang. Got them south of Adams station. There's another big lot on the road. I'll take this fellow on to Nashville." That was the last the chief saw of the 'officer' or his prisoner.

But the U. S. Secret Service will be harder to handle and since the government seems determined to stop the traffic, stop it, it will.

Last Wednesday afternoon a car load of booze was captured on the Bradshaw pike.

James H. Frasier and B. O. Hunter, who were bought here Wednesday have waived examining trials and were held over on \$500 bonds. Two negroes, Emmett Clark and Harry Bell, are also in custody.

There are growing rumors of big things to happen, perhaps today.

The Assistant District Attorney and a special agent from Nashville were here Thursday night in consultation with Mr. Russell and the 8 or 10 men working under him. It is understood that a great deal of evidence is in hand and that the Road Bone Dry law will be construed to go a great deal farther than it was thought it could go. It is said to be violation of the law to sell liquor in wet territory to be shipped into dry territory, if the seller has knowledge of the fact. The Tennessee cars were easily identified as being from dry territory and some of the dealers who believed they were entirely within their legal rights in loading up cars with liquor for southern towns are now in a very uneasy frame of mind and are now making sales with the greatest circumspection. In the meantime the dry territory in Tennessee is said to be so dry that compared with it the Sahara desert is a swamp.

### KENTUCKIAN NOMINATED.

Washington, Aug. 22.—James G. Bailey, of Kentucky, was nominated today to be a secretary of an Embassy of class 1.

## HOOVER HAS RETURNED

IN A STATEMENT HE RENEWS THE PLEDGE TO FEED THE ALLIES IN EUROPE.

(By Associated Press.)

New York, Aug. 23.—"The United States will share with the allies in their sacrifice of food as well as blood in the cause of world democracy," declared Herbert Hoover, the Federal Food Administrator on arrival here today after a visit to France and England.

He asserted that to make good this pledge we must within a year supply our allies with four billion pounds of fats, nine hundred million pounds of beef, half a billion bushels of cereals and a million and a half tons of sugar.

He said to build up a wheat reserve to guard against crop failure next year it has been decided to make the bread of all allied nations containing twenty per cent of substitutes for wheat. This will mean an improvement of the American loaf and an enormous improvement of the allied loaf.

## GOLD MINES NOT THE BEST

Pierre, S. D., Aug. 23.—Black Hill folk once proudly boasted that they had one square mile which was worth more than all the land in South Dakota, east of the Missouri river. But times have changed and the Black Hills are now yielding only a small fraction of the state's wealth.

The stability of gold is the reason. In the old days this unchangeable value was the Black Hills insurance policy. At the present the fixed price is Black Hill's handicap.

The state valuation last year showed a total of \$185,000,000 in productive wealth. The valuation on gold mined in South Dakota was placed at \$7,000,000. Since then the labor shortage, the inability of the gold mines to pay fancy wages to miners and the money obtainable elsewhere have hit the gold camps.

Copper and mine operators were able to pay higher wages when the price of their products was increased. The Black Hill gold is being mined from the low grade ores. A tremendous tonnage of ore must be handled and a correspondingly large amount of labor is needed. In addition to increased salary demands, the prices of material required for producing gold have soared.

"There is more money in potatoes than in gold right now," said a mining man.

## FOLLOWING THE FLAG

H. A. Waltrip has arrived safely overseas.

Lieut. S. E. Stroube, who has been here on a furlough, has returned to Camp Taylor.

William Ware, of the Great Lakes Naval Station, is home on a short furlough.

Robert N. Brumfield, editorial assistant and night desk man on the Daily Kentuckian, recently accepted for the officers' training school, has been ordered to report at Camp Gordon, Atlanta, Ga., on September 1st. Phil T. Roberts, Jr., of Gracely, has been ordered to report at the same time and place. Mr. Brumfield is the only son of Mr. and Mrs. L. O. Brumfield and Mr. Roberts is the third son of Mr. and Mrs. Phil T. Roberts. One of his brothers, Capt. Thos. D. Roberts, was disabled in other. Joel Roberts, was disabled in an accident and is now at home from the army.

Brasil has given the U. S. a vessel for transporting troops two trips without compensation.

## BYNG AND RAWLINSON SMASH THE LINE ON A 30-MILE FRONT SLAUGHTER AND CAPTURE THOUSANDS AND RETREAT BECOMES A ROUT.

(By Associated Press.)

With the British Army in France, Aug. 23.—The British armies this evening were vigorously following up their successes of today, which apparently have been one of the most disastrous ever experienced by the Germans.

With British Armies in France, Aug. 23.—The British armies this evening were vigorously following up their successes of today, which apparently have been one of the most disastrous ever experienced by the Germans.

The enemy has lost wide stretches of ground, numerous towns, thousands of prisoners and large quantities of war materials and guns.

He also again had heavy casualties. Crown Prince Rupprecht, the German commander, has thrown his men in before the advancing British in an effort to stave off the inevitable, only to have them mowed down again and again by the storms of metal which poured from the British guns.

Dead Germans were scattered everywhere over the battlefield.

Over a fifty mile front, from the north of Soissons to the region of Arras, the German armies are meeting a defeat which apparently spells disaster everywhere. The British and French have continued their attacks, sanguinarily warring their enemies the end of whose trials are not yet in sight. The British over a front of thirty miles, from the Cojeul river to the south of the Somme, have taken numerous towns and penetrated the enemy's lines several miles, while the French, fighting between the Mats river and the territory north of Soissons, have made important gains.

Notwithstanding the large German reinforcements, the British progress continues impressively. The Germans are being forced to yield ground finally even at spots where the advance might be momentarily checked. The Germans have paid a terrible price in casualties for their effort to halt the British juggernaut.

## BRITISH SHIP TORPEDOED

An Atlantic Port, Aug. 23.—The British steamer Diomed has been torpedoed and sunk off the Atlantic coast.

More than one hundred of the crew many of them Chinese, some severely injured, were rescued and brought here today.

A Swedish steamer also arrived today. She reported she was held up yesterday by a submarine, but after a parley with the submarine's commander, was allowed to proceed.

### THAW FALLS TO DEATH.

With American Army in France, Aug. 22.—(By the A. P.)—Lieut. Blair Thaw of Pittsburgh, a member of the American aviation service, was killed Sunday evening when his airplane fell as a result of engine trouble.

### HANBURY NOT KILLED.

James Hanbury, of Enid, Okla., reported dead and impressive memorial services held at Enid, is not dead. A late report says he was only wounded and is rapidly recovering.

## WOUND FIVE ON STEAMER LOWERS FLAG IN PETROGRAD

IN THREE HOURS RUNNING FIGHT ITALIAN CRAFT AND SUBMARINE FIRE 200 SHOTS.

An Atlantic Port, Aug. 22.—An Italian steamer which arrived here today reported having had a running fight with a German submarine off the New England coast last Tuesday. Five of the steamer's crew were injured and the ship had 6-foot hole stove in her midships by a shell from the U-boat. The battle lasted three hours and, according to the master of the Italian vessel, more than 200 shots were fired.

## AIRPLANES LIKE BIRDS

London, Aug. 23.—(Correspondence of The Associated Press)—The smallest British airplanes now being manufactured are actually of less span than the largest birds. The great albatross has been known to measure nearly 18 feet from wing-tip to wing-tip. A certain type of "midjet" airplane recently exhibited in London is only 15 feet in width.

"These are the machines which we may expect to see after the war carrying our mails," declared Major Orde Lees, of the British aviation service, "and they will be almost as universal as the smart automobile mail vans of pre-war times. These small machines will be largely used by the postal authorities on account of the existing limitations of storage and starting grounds in our great cities. Postal aerodromes, like railway stations, must be near the postoffices at least in the initial stages of the development.

"Later the problem may be solved by the use of pneumatic tube communication between the central postoffices and the postal aerodromes. In delivering letters to distances of 250 miles or more, the big types of airplane will be used, but for local work small machines are likely to be much more serviceable.

"Dropping the mail bags by parachute will be given a good trial and this if successful, will be of great assistance. Bags may also be picked up while flying after the manner in which mailbags are now caught by express trains."

### RED CROSS HEIFERS.

(By Associated Press.)

Albuquerque, N. M., Aug. 23.—The cattle men of the western district are being asked to give to the Rocky Mountain division of the Red Cross one heifer for each 500 head of cattle they own. Donors are to keep the stock until the first January when they will be shipped to the National Western Stock Show at Denver. After being exhibited there in competition for prizes they will be sold at auction for the benefit of the Red Cross.

### FRANCE DECORATES LANSING'S SISTERS

Paris, Aug. 22.—The Misses Emma S. and Katherine E. Lansing of Watertown, N. Y., sisters of the American Secretary of State, have been decorated with the French War Cross and cited in the army orders.

The two sisters worked in the American Red Cross canteen at Epernay during the recent bombardment and assisted in the hospital, displaying marked heroism. They are the first members of the American Red Cross canteen to receive this honor.

### LINE OF STEAMERS.

Washington, Aug. 23.—The Argentine government has established a line of steamers to operate from Buenos Aires to Punta Arenas, on the Strait of Magellan, stopping at numerous ports on the coast. The fleet at the beginning of operations consisted of six steamships.

IMBRIE CLOSES CONSULATE WHEN BOLSHEVIKI SAY WAR EXISTS BETWEEN RUSSIA AND AMERICA.

### FEAR FOR SAFETY OF TWENTY.

Officials Believe It Doubtful That Russians Will Let Them Depart.

Washington, Aug. 22.—Dispatches from Russia today were of a somewhat disturbing nature to state department officials. Vice Consul Robert W. Imbrie at Petrograd reported in a delayed dispatch that members of the bolshevik government at the former Russian capital had issued a proclamation declaring that a state of war existed between Russia and the United States.

In view of the bolshevik declaration, Mr. Imbrie reported in his dispatch, which was dated Aug. 2, that he had lowered the United States flag over the consulate and, following the recent action of Consul General Poole at Moscow, closed the consulate and turned the affairs of the United States over to the Norwegian consul, Americans in Petrograd, believed to number about twenty, were warned to leave. Consul Imbrie's dispatch said, although the consul indicated that he would remain at his post until he had received instructions from the state department. One American, said the consul, was under arrest, another in hiding.

Announcement in a dispatch from France of the appointment of two international councils, one at Archangel and the other at Vladivostok, however, counter-balanced the unfavorable news contained in the dispatch from Petrograd.

Ambassador Francis, as dean of the diplomatic corps, will act as the presiding officer of the Archangel council, the members of which will be the diplomatic representatives of the allied nations.

Whether the 20 Americans in Petrograd will be able to escape was doubtful, it was said, despite the recent agreement with the Finnish government whereby Americans leaving Russia might have safe passage through Finland. Officials here pointed out that the Finns would be unable to protect Americans against German officials and soldiers who now control in Finland.

### BLOCKADE RUNNERS.

Efforts of the federal officials at Nashville to break up the nefarious traffic in booze through the use of "blockade runners" cannot be too highly commended. This traffic is not only a menace to the people of Nashville, but so bold are the drivers of the cars engaged in it that life and limb are no longer safe on the highways from Kentucky into the capital city of the state. No mercy should be shown the men engaged in the unholy traffic in the damned souls of men. They are outlaws and especially in this time of sacrifice, entitled to no sort of consideration. Unfortunately the legal penalties imposed are not severe enough to give them adequate punishment.

Speed the day when the adoption of the federal amendment by the requisite number of states will make it impossible for a place like Hopkinsville, Ky., to harbor a traffic that means ruin to all who touch it. The state, city and county officials should cooperate with the agents of the national government in capturing and punishing the men engaged in the outrageous business.—Elietier Har-eld, Columbia, Tennessee.

### TO HONOR SOLDIERS.

St. Paul, Minn., Aug. 23.—Minnesota lakes will be named after soldiers from that state who give their lives or distinguish themselves on the battlefields of France, if a movement which is gaining headway proves successful.

Those behind the movement, pose to urge passage at the next legislature of a law legalizing the naming of as many of the state's thousand lakes as is desired after state's heroes.

**BEE STINGS KILL QUICKLY**

Man Succumbs in Ten Minutes After Being Wounded in Wrist.

Philadelphia.—Ten minutes after he had been stung on both wrists by bees, George L. Hume, sixty-six years old, a resident of Santa Ana, Cal., died. The bees' stings acted as a violent poison, physicians stated, probably because of Hume's unusual physical condition. Hume was stung by the bees when he attempted to destroy a hive close to his home. Physicians, when told of the peculiar case, stated that there was a probability that the poison injected by the bees struck an artery and was immediately conveyed to the heart, causing death. It was also said that the bees' stings may have acted as a violent poison because of an unusual physical condition. The physicians said that so sudden a death from bees' stings was very unusual.

**SERVED AS GERMAN SPY, VINDICATES SELF**

Atlanta, Ga.—Walter Wauderwell, a world-wide traveler arrested last year as a suspected German spy, having proven his innocence after five months' imprisonment to the satisfaction of the courts, is now making good in the eyes of the public by serving the United States in the office of scoutmaster of troop 31, Boy Scouts of America. At a recent street corner meeting of the boy scouts, Wauderwell finished a short talk and collected \$200 for the Thrift Stamp boy scout campaign.

**ELOPE, THEN DIE TOGETHER**

Chief of Police and Neighbor's Wife Carry Out Suicide Pact.

Rochester, N. Y.—Elmer Fish, chief of police of Macedon, and Mrs. Elmer Phelps, who were found shot to death in the woods near Spencerport on Thursday, left their homes on July 8. Fish, his wife and their two small children lived opposite to Mr. and Mrs. Phelps in Macedon. Fish represented the Standard Oil and Phelps is a barge canal operator. Mrs. Phelps was a frequent visitor to the Fish home, although Mrs. Fish protested against her visits. Mrs. Phelps was driving Fish's automobile on July 7 and crashed into a tree machine. Fish took the car to the garage and wanted to have it repaired immediately. As this could not be done until Monday, Fish returned to his home. He and Mrs. Phelps left the trolley at four o'clock and were heard from them again on the morning of their deaths. Fish and his children have gone to the home of his mother in Clinton.

**KEPT HER AWAKE**

The Terrible Pains in Back and Sides, Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful. I could not do anything, not even sleep at night. It kept me awake most of the night... I took different medicines, but nothing did me any good or relieved me until I took Cardui... I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I sloped down I was not able to straighten up again... I decided I would try Cardui... By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone. I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-133 (Advertisement)

**DIES LIKE A COWARD**

Ex-Czar Wilts at Death; Propped to Post.

Collapses When He Faces the Firing Squad—German Paper Gives Account of Execution.

Amsterdam.—With two hours given in which to prepare for the end, Nicholas Romanoff, former Russian emperor, was taken out by his executioners in a state of such collapse that it was necessary to prop him against a post, says the Lokai Anzeiger of Berlin, which claims to have received from a high Russian personage an account of the emperor's last hours. Nicholas was awakened at five o'clock on the morning of the day of his execution by a patrol of a non-commissioned officer and six men. He was told to dress and was then taken to a room where the decision of the Soviet council was communicated to him. He was informed the execution would be carried out in two hours. The former emperor, it is added, received the announcement of the sentence of death with great calmness, but when he returned to his bedroom his collapsed in a chair. After a few minutes he asked for a priest, with whom he was allowed to remain unattended. Subsequently he wrote several letters. When the escort arrived to take him to the place of execution Nicholas attempted to rise from his chair, but was not able. The priest and a soldier were obliged to help him get to his feet. The condemned man descended the stairs with difficulty and once he fell down. As he was unable to stand without support when the place of execution was reached, he was propped against a post. He raised his hands and seemed to be trying to speak, but the rifles spoke and he fell dead.

Sleep Over It.

Chauncey Depew says he has a hard and fast rule that unpleasant happenings are to be discussed in the morning, never in the evening.

To this I add that before making any important decision you should always sleep over it. You may think quite differently in the morning and the delay may save you much subsequent regret.—Los Angeles Times.

**Evening Matters.**

"If those two men come together, there will be trouble. The big one is a six-footer."

"Yes, but the little one has a six-shooter."

Orders taken for Victrola and Records. HARDWICK.

**IN CHARGE OF Y. M. C. A. WORK**

Dr. E. M. Wyffe, who has arrived in England from the United States to take complete charge of the religious work of the Y. M. C. A. in Great Britain. The work that the Y. M. C. A. has done for American soldiers in England and France has received praise from all sides. It cannot be over-stated that it is a stimulating and invigorating factor in the high morale of our troops.

**Gives the Cutting Edge.**

Nickel alloy with from 8 to 10 per cent zirconium will take a fine cutting edge, according to the Chemical Trade Journal. Either cobalt or nickel with 8 to 15 per cent zirconium has its melting point reduced below that of any of the three separate metals, with an increase of electrical resistance; and with 10 to 30 per cent zirconium the hardness is greatly increased, giving an alloy suitable for cutting tools. This application of zirconium has been patented.

**He'll Mix 'Em Up.**

"What's become of that waiter that used to wait on me?" asked the man in the restaurant.

"The fellow who always got your orders twisted?" asked the proprietor.

"That's him."

"Oh, he's enlisted and gone to the war."

"Good. I'll bet he'll mix things up, all right, all right."

**PLAIN NATURAL IRON BEST TONIC**

Costs but a Fraction What Weaker Preparations Sell for—A Spoonful in a Glass of Water a Dose.

The absolute proof that medicinal iron would help blood and strengthen people wonderfully has caused many chemists to perfect more or less efficient iron tonics and more or less efficient tablets.

For most people, however, the writer would say that just plain highly concentrated Acid Iron Mineral is better, far cheaper and stronger and goes from two to six times as far.

A bottle of Acid Iron Mineral kept handy and a teaspoonful poured in a glass of drinking water after meals, makes a delightful, very unusual and highly beneficial tonic and strengthener, and if the blood needs enriching and purifying it would be hard to find anything that does it better or cures the system of rheumatism and kindred ailments quicker than just plain concentrated Acid Iron Mineral, which is the name for non-alcoholic natural iron.

It also has a beneficial effect upon appetite and digestion, and the kidneys soon show its effects.

(Note:—) A-I-M does not act as a laxative and should one be needed to stimulate the liver or bowels a good laxative tablet like A-I-M Pills is recommended.—Advertisement.

**BURIED 1400 PENNIES.**

Terre Haute, Aug. 22.—William Hamilton 18 years old and Thomas Crist 21 were arrested by federal officers today on charges of robbing the postoffice at Lewis, Ind., last Saturday night. They were taken before Clyde Randall United States commissioner and bound over to the federal grand jury. Authorities reported that through information given by the accused \$14 in 1 cent pieces stolen from the postoffice had been recovered from a corn field where it had been buried.

**CARBONVOID.**

Will save fifty gallons of gasoline for 1.00. Use Carbonvoid in your motor car and increase your mileage 25 per cent, and eliminate all carbon trouble. Upon receipt of \$1.00 we will send you prepaid a full size tube of Carbonvoid.

Sold under a positive guarantee to do the work. We want reliable men and women as our special representatives to sell Carbonvoid in Kentucky. Exclusively territory. KENTUCKY KOALINE COMPANY, 301 Louisville Trust Bldg., 132-134 Louisville, Ky.

**Position of Nova Star.**  
Energy of light, heat and electricity, or simply energy, travels in space at a set speed of 186,324 miles per second, a distance of 5,880,000,000,000 miles per year, named a light year. Then the Nova would be 32,924 light years distant; and 32,924 light years if parallel to one-one hundredth second of arc. Energy from the star Sirius reaches us in eight and a half light years. The lowest estimate of the distance of the Milky Way is 20,000 light years. This is near home when compared with distances of some spiral nebulae; and it is mostly in these that faint new stars appear, feeble in light to us, but really brilliant. And now mankind must wish to see if the light of the Nova increases. If so, strive to find it is really growing brighter of itself, or approaching. Approach or recession can only be told by the spectroscopic.

**Shakespeare Put on Writers' Cramp.**  
Shakespeare gave up authorship in the prime of life and retired to Stratford because he was suffering from writers' cramp, declared Dr. Ralph Lottwick in an address at the Shakespeare festival given by the Shakespeare club of London. To prove it, Doctor Lottwick presented facsimiles of the writings and signatures of Shakespeare. He said there were 15 evidences that the great playwright developed writers' cramp about 1611 when the last play, "The Tempest," was produced.

Then the Nova would be 32,924 light years distant; and 32,924 light years if parallel to one-one hundredth second of arc. Energy from the star Sirius reaches us in eight and a half light years. The lowest estimate of the distance of the Milky Way is 20,000 light years. This is near home when compared with distances of some spiral nebulae; and it is mostly in these that faint new stars appear, feeble in light to us, but really brilliant. And now mankind must wish to see if the light of the Nova increases. If so, strive to find it is really growing brighter of itself, or approaching. Approach or recession can only be told by the spectroscopic.

**BEE STINGS KILL QUICKLY**

Man Succumbs in Ten Minutes After Being Wounded in Wrist.

Philadelphia.—Ten minutes after he had been stung on both wrists by bees, George L. Hume, sixty-six years old, a resident of Santa Ana, Cal., died.

The bees' stings acted as a violent poison, physicians stated, probably because of Hume's unusual physical condition. Hume was stung by the bees when he attempted to destroy a hive close to his home.

Physicians, when told of the peculiar case, stated that there was a probability that the poison injected by the bees struck an artery and was immediately conveyed to the heart, causing death. It was also said that the bees' stings may have acted as a violent poison because of an unusual physical condition.

The physicians said that so sudden a death from bees' stings was very unusual.

**SERVED AS GERMAN SPY, VINDICATES SELF**

Atlanta, Ga.—Walter Wanderer, a world-wide traveler arrested last year as a suspected German spy, having proven his innocence after five months' imprisonment to the satisfaction of the courts, is now making good in the eyes of the public by serving the United States in the office of scoutmaster of troop 31, Boy Scouts of America. At a recent street corner meeting of the boy scouts, Wanderer finished a short talk and collected over \$200 for the Thrift Stamp boy scout campaign.

**ELOPE, THEN DIE TOGETHER**

Chief of Police and Neighbor's Wife Carry Out Suicide Pact.

Rochester, N. Y.—Elmer Fish, chief of police of Macedon, and Mrs. Elmer Phelps, who were found shot to death in the woods near Spencerport on Thursday, left their homes on July 8. Fish, his wife and their two small children lived opposite to Mr. and Mrs. Phelps in Macedon. Fish represented the Standard Oil and Phelps is a bargain operator. Mrs. Phelps was a frequent visitor to the Fish home, although Mrs. Fish protested against her visits.

Mrs. Phelps was driving Fish's automobile on July 7 and crashed into a tree. Fish took the car to the garage and wanted to have it repaired. As this could not be done, he and Mrs. Fish returned to their homes. He and Mrs. Phelps left the trolley at four o'clock and was heard from them until the morning of their deaths. Fish and his children have gone to the home of his father in Clifton.

**KEPT HER AWAKE**

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful."

I could not do anything, not even sleep at night. It kept me awake most of the night... I took different medicines, but nothing did me any good or relieved me until I took Cardui...

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed all the time. I got so bad with my back that when I stooped down I was not able to straighten up again... I decided I would try Cardui... By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well. If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-143 (Advertisement)

**DIES LIKE A COWARD**

Ex-Czar Wilts at Death; Propped to Post.

Collapses When He Faces the Firing Squad—German Paper Gives Account of Execution.

Amsterdam.—With two hours given in which to prepare for the end, Nicholas II., former Russian emperor, was taken out by his executioners in a state of such collapse that it was necessary to prop him against a post, says the Lokai Anzeiger of Berlin, which claims to have received from a high Russian personage an account of the emperor's last hours.

Nicholas was awakened at five o'clock on the morning of the day of his execution by a patrol of a non-commissioned officer and six men. He was told to dress and was then taken to a room where the decision of the Soviet Council was communicated to him. He was informed the execution would be carried out in two hours.

The former emperor, it is added, received the announcement of the sentence of death with great calmness, but when he returned to his bedroom he collapsed in a chair. After a few minutes he asked for a priest, with whom he was allowed to remain unattended. Subsequently he wrote several letters.

When the escort arrived to take him to the place of execution Nicholas attempted to rise from his chair, but was not able. The priest and a soldier were obliged to help him get to his feet. The condemned man descended the stairs with difficulty and once he fell down.

As he was unable to stand without support when the place of execution was reached, he was propped against a post. He raised his hands and seemed to be trying to speak, but the rifles spoke and he fell dead.

Sleep Over It.

Chauncey Depew says he has a hard and fast rule that unpleasant happenings are to be discussed in the morning, never in the evening.

To this I add that before making any important decision you should always sleep over it. You may think quite differently in the morning and the delay may save you much subsequent regret.—Los Angeles Times.

Evening Matters.

"If these two men come together, there will be trouble. The big one is a six-footer."

"Yes, but the little one has a six-shooter."

Orders taken for Victrola and Records. HARDWICK.

**IN CHARGE OF Y. M. C. A. WORK**

Dr. E. M. Wylie, who has arrived in England from the United States to take complete charge of the religious work of the Y. M. C. A. in Great Britain. The work that the Y. M. C. A. has done for American soldiers in England and France has received praise from all sides. It cannot be overstated that it is a stimulating and inspirational factor in the high morale of our troops.

**Gives the Cutting Edge.**  
 Nickel alloy with from 8 to 10 per cent zirconium will take a fine cutting edge, according to the Chemical Trade Journal. Either cobalt or nickel with 8 to 15 per cent zirconium has its melting point reduced below that of any of the three separate metals, with an increase of electrical resistance; and with 10 to 30 per cent zirconium the hardness is greatly increased, giving an alloy suitable for cutting tools. This application of zirconium has been patented.

**He'll Mix 'Em Up.**  
 "What's become of that waiter that used to wait on me?" asked the man in the restaurant.  
 "The fellow who always got your orders twisted?" asked the proprietor.  
 "That's him."  
 "Oh, he's enlisted and gone to the war."  
 "Good. I'll bet he'll mix things up, all right, all right."

**PLAIN NATURAL IRON BEST TONIC**

Costs but a Fraction What Weakener Preparations Sell for—A Spoonful in a Glass of Water a Dose.

The absolute proof that medicinal iron would help blood and strengthen people wonderfully has caused many chemists to perfect more or less efficient iron tonics and more or less efficient tablets.

For most people, however, the writer would say that plain highly concentrated Acid Iron Mineral is better, far cheaper and stronger and goes from two to six times as far.

A bottle of Acid Iron Mineral kept handy and a teaspoonful poured in a glass of drinking water after meals, makes a delightful, very unusual and highly beneficial tonic and strengthener, and if the blood needs enriching and purifying it would be hard to find anything that does it better or rids the system of rheumatism and kindred ailments quicker than just plain concentrated Acid Iron Mineral, which is the name for non-alcoholic natural iron.

It also has a beneficial effect upon appetite and digestion, and the kidneys soon show its effects.

(Note:—) A-I-M does not act as a laxative and should one be needed to stimulate the liver or bowels a good laxative tablet like A-I-M Pills is recommended.—Advertisement.

**BURIED 1400 PENNIES.**

Terre Haute, Aug. 22.—William Hamilton 18 years old and Thomas Crist 21 were arrested by federal officers today on charges of robbing the postoffice at Lewis, Ind., last Saturday night. They were taken before Clyde Randall United States commissioner and bound over to the federal grand jury. Authorities reported that through information given by the accused \$14 in 1 cent pieces stolen from the postoffice had been recovered from a corn field where it had been buried.

**CARBONVOID.**

**NOTICE TO TAXPAYERS.**

You are required to call at the County Assessor's office at once and give in your list of property for taxes, for we cannot list everybody the last day. I have from July 1, 1918, to Nov. 1, 1918 to list 14,000 taxpayers. Consequently everyone who can should come in now in order to save paying a penalty and avoid the rush. O. M. WILSON, County Tax Commissioner. 118-4ed.

**Learn French Quickly.**  
 An American who wrote home a description of his journey into the interior of France, relates his experience in trying to crowd himself into one of the French "eight horses and 40 men." "These cars were loaded to the guards with Frenchies bound for somewhere."  
 "Howdy," I says.  
 "Go to hell," remarked one of them who'd learned to speak English from the United States marines, but I knew he meant to be polite because he offered me a match and matches are just the same as ready money over there."  
 "So I says, 'Au revoir, old timer,' and when they seen I was right there with their lingo, they grinned back and made room for me."

# Rummage Sale

Saturday and Monday.

The greatest saving event of the year 1918. It is our endeavor in this Rummage Sale to entirely close out the small odds and ends that accumulate in each department; they are sold at prices that do not take into consideration the cost of the article. Our whole idea is to clean up our stocks. We hope our patrons will take advantage of this last opportunity.

## Women's and Misses Suits

This includes all the odds and ends of our Spring and Summer Suit stocks, in woolen materials.	
Suits worth \$16.50 to \$18.00	<b>\$6 95</b>
Rummage Price	
Suits worth \$20.00 to \$25.00	<b>\$10 95</b>
Rummage Price	
Suits worth \$30.00 to \$35.00	<b>\$14 95</b>
Rummage Price	
Suits worth \$37.50 to \$45.00	<b>\$16 95</b>
Rummage Price	

## Women's and Misses Silk Suits

This small group of Suits consists of Satin and Taffeta Suits in Navy, Black, Gray, Green and Tan. Beautifully made and the best quality materials and linings. We mean to close out these few garments.	
Suits worth \$35.00	<b>\$14 95</b>
Rummage Price	
Suits worth \$40.00	<b>\$16 95</b>
Rummage Price	
Suits worth \$45.00 to \$50.00	<b>\$18 95</b>
Rummage Price	

## Women's and Misses Dresses

This group of Dresses consists of Taffetas, Georgette, Crepe de Chine and Embroidered Nets. At the prices quoted they are on sale at less than cost of material.	
Dresses worth \$15.00 to \$16.50	<b>\$6 95</b>
Rummage Price	
Dresses worth \$18.50 to \$20.00	<b>\$7 95</b>
Rummage Price	
Dresses worth \$22.50 to \$25.00	<b>\$10 95</b>
Rummage Price	
Dresses worth \$30.00 to \$40.00	<b>\$14 95</b>
Rummage Price	

## Women and Misses Coats.

In this group you will find Coats in both Light and Dark Shoes as well as Silks in all Colors. Lots of the Coats will do to wear all winter. If you fail to buy one of these Coats you will feel to have.	
Coats worth \$15.00	<b>\$6 95</b>
Rummage Price	
Coats worth \$16.50 to \$18.50	<b>\$8 95</b>
Rummage Price	
Coats worth \$20.00 to \$22.50	<b>\$10 95</b>
Rummage Price	
Coats worth \$25.00 to \$30.00	<b>\$12 95</b>
Rummage Price	

## House Dresses

There are about 30 Dresses in this group in small, medium and extra large sizes. Slightly soiled.	
Dresses worth \$2.00	<b>\$1 10</b>

<b>CREPE DE CHINE</b> —Silk and Cotton Mixed, yard wide, suitable for Nightgown and Underwear. 50c quality. One sale the yard	<b>39c</b>

## PEERESS IS WAR WORKER

The call of their country's service has been heard by practically all of Great Britain's beautiful and talented peeresses. In the front rank of these industrious workers in war activities is the countess of Wilton, who has been devoting herself to war work since the outbreak of the conflict. She has served as a nurse in one of the hospitals where wounded soldiers are being treated and has won the hearts of the soldiers by her tender and sympathetic care. Before she enlisted in the nursing corps she was active in the many hazards which marked the early part of the war.

### Varieties of Mistletoe.

There are more varieties of mistletoe growing about the world than could be named in a column of newspaper print, but the commonest in America is that which the botanist, Nuttall, named after the Greek fashion, "tree thief," or phoradendron.

### Mormons' Uniforms.

Elizabeth was looking at a fairy book, when she espied some mormons on a page that big sister had just turned over. She opened her big eyes and said, "Oh, sister, wait a minute. Let me see their beauty uniforms."

### Watch and Men Alike.

The watch that works only by fits and starts is never to be trusted. Nor is the man who does his work in the same way ever capable of the highest achievement possible to his station. With men as with watches the test lies in being right and reliable all the time.

### Paying poetry.

Poetess—"Do you pay for poetry?" Editor—"Yes, madam. My physician orders me to an expensive rest cure twice a year."—Buffalo Express.

### Clever Youngster.

A little fellow whose father is connected with a railroad has picked up many railroad phrases. One day while waiting with his mother in a large station the youngster rode about on his little cart. Suddenly a man blocked the little rider's way. The latter, lustily shouting "low bridge," passed safely between the man's legs.

## A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY 476 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

# Rummage Sale

Saturday and Monday.

The greatest saving event of the year 1918. It is our endeavor in this Rummage Sale to entirely close out the small odds and ends that accumulate in each department; they are sold at prices that do not take into consideration the cost of the article. Our whole idea is to clean up our stocks. We hope our patrons will take advantage of this last opportunity.

## Women's and Misses Suits

This includes all the odds and ends of our Spring and Summer Suit stocks, in woolen materials.	
Suits worth \$16.50 to \$18.00	<b>\$6 95</b>
Rummage Price	
Suits worth \$20.00 to \$25.00	<b>\$10 95</b>
Rummage Price	
Suits worth \$30.00 to \$35.00	<b>\$14 95</b>
Rummage Price

## PEERESS IS WAR WORKER

The call of their country's service has been heard by practically all of Great Britain's beautiful and talented peeresses. In the front rank of these industrious workers in war activities is the countess of Wilton, who has been devoting herself to war work since the outbreak of the conflict. She has served as a nurse in one of the hospitals where wounded soldiers are being treated and has won the hearts of the soldiers by her tender and sympathetic care. Before she enlisted in the nursing corps she was active in the many bazaars which marked the early part of the war.

## Varieties of Mistletoe.

There are more varieties of mistletoe growing about the world than could be named in a column of newspaper print, but the commonest in America is that which the botanist, Nuttall, named after the Greek fashion, "tree thief," or phoradendron.

## Mermaids' Uniforms.

Elizabeth was looking at a fairy book, when she espied some mermaids on a page that big sister had just turned over. She opened her big eyes and said, "Oh, sister, wait a minute. Let me see their beauty uniforms."

## Watch and Man Alike.

The watch that works only by five and starts is never to be trusted. Nor is the man who does his work in the same way ever capable of the highest achievement possible to his station. With men as with watches the test lies in being right and reliable all the time.

## Paying poetry.

Poetess—"Do you pay for poetry?" Editor—"Yes, indeed. My physician orders me to an expensive rest cure twice a year."—Buffalo Express.

## Clever Youngster.

A little fellow whose father is connected with a railroad has picked up many railroad phrases. One day while waiting with his mother in a large station the youngster rode about on his little cart. Suddenly a man blocked the little rider's way. The latter, lustily shouting "low bridge," passed safely between the man's legs.

## A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY 476 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

## REGISTRATION AND MORE CALLS

"SUMMER BABES" OF 1907 TO REGISTER FOR MEN'S DUTIES AT THE FRONT.

EIGHTY-MORE MEN ARE CALLED

Color 1 Quota of 42 Monday and 38 White Men On Tuesday. All To Camp Taylor.

Today is registration day for those who have become 21 since June 5. The mistaken idea prevails in some sections that the registration is for all from 18 to 21 and from 31 to 45. These men will have to register as soon as congress passes the new draft law, but not now. From all indications there will be very few in the county who will register today.

On Monday there will be a new call for colored men. All colored men in class 1 of the old registration who did not appear last Wednesday and those of the 1918 class who have been notified must report at the Court House Monday morning at 10 o'clock. For some reason a number of men have changed their addresses and have not given their new addresses to the Local Board. These have not received their notices to report, but they are considered as having been notified. They should take care to see that their addresses are given to Mrs. Gillock, secretary of the Local Board, and avoid any trouble that might arise.

From those reporting Monday, 42 will be selected to fill out Christian county's quota in the last draft which was short that number.

On Tuesday morning 84 white men will be called; 34 of these are of the old draft, while 50 registered on June 5, 1918. From this number 34 will be chosen to go to Camp Taylor on the Accommodation train Wednesday morning.

The following men are called to report Tuesday morning at the Court House:

### 1917 Class.

Joel D. Roberts, Benj. Ora Wood, Frank Scott, Mack West, James Blackburn, Fenton Cunningham, Wallace Shaw, Oliver B. White, Forrest Bates, Richard Clarence Hancock, Chas. H. Aldridge, Wm. Alvin Spurlin, H. Willis Underwood, Ernest Gladdish, Jonathan M. Sharber, Thos. Everett Eli, Clarence Shaw, Andrew Holmes, Otis Crofton, Bedford Mayton, Rosister A. Armstrong, Geo. M. Wood, Alex. A. Boyd, Jas. Wesley Brame, Lucien McCauley, Everett Parker, Clifton T. Boyd, Chas. Terry Woodley, Thos. David Moore, Grover C. Towler, Henry Graham,

### THANKS!

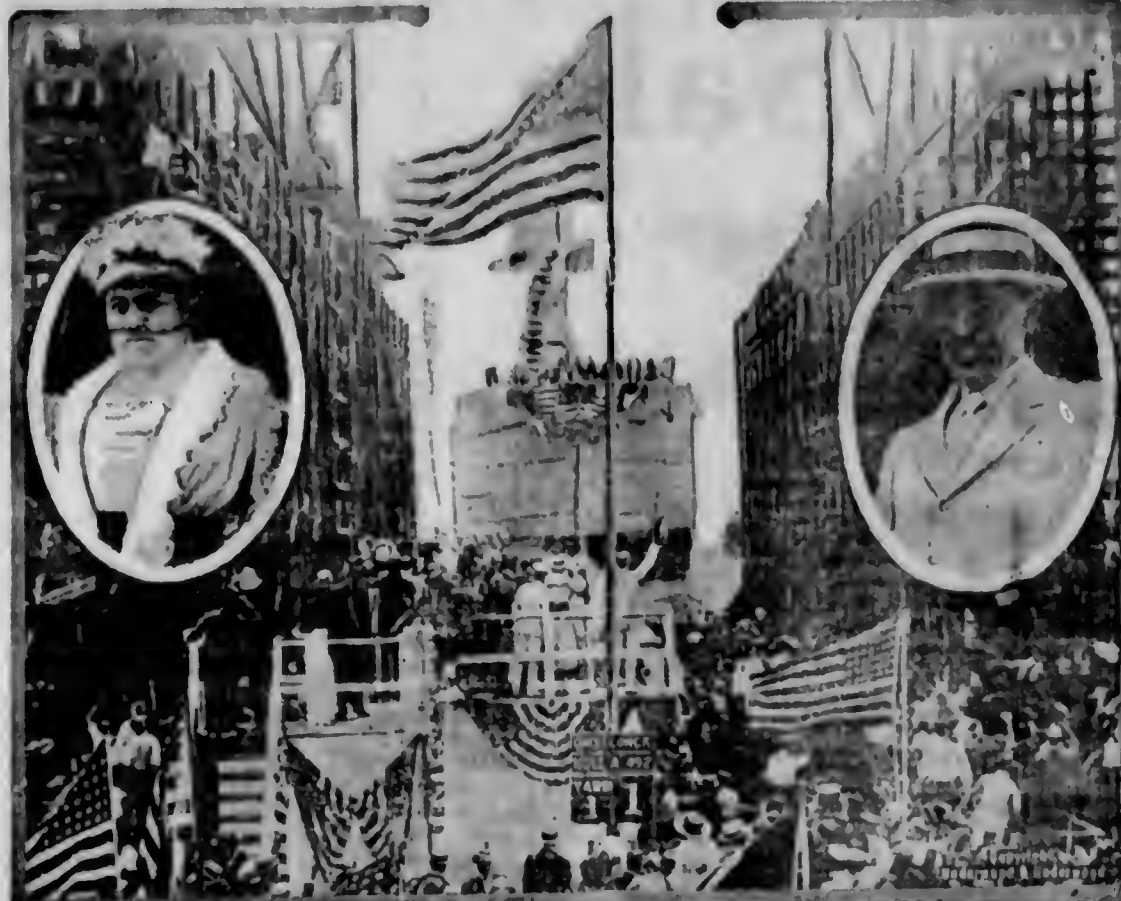

Mr. James B. Brown, State Director of W. S. S. and Mrs. Geo. Kolb Chairman of Local Committee wish to express their thanks and appreciation to the various committees and individuals who gave so patriotically of their time, energy and money to further the success of the War Saving Stamps Campaign.

These committees are continuous until Jan. 1st and the Government insists that the business of selling Thrift and War Stamps be pushed every day until our quota is raised, and we wish to urge that every citizen will assist in this work so that a favorable report can be sent to Washington at an early date.

The Government needs the money NOW not later.

FOR TAXI—Call J. H. Reese. 579.

## PRESIDENT AND WIFE AT FIRST HOG ISLAND LAUNCHING

The first ship fabricated at the Hog Island yard was launched in the presence of President Wilson and other government officials. The vessel, one of 110 identical 7,500-ton, 11½-knot cargo carriers to be built at the biggest shipyard in the world, was christened the Quilston by Mrs. Wilson, that having been the name by which the Indians knew Hog Island.

## BOMBING THE ENEMY DUMPS

Behind the British Lines in France, Aug. 23.—(Correspondence of The Associated Press.)—The British aviation communique frequently contains a brief line to record that "direct hits were obtained upon an enemy dump at 'some point behind the German lines.'" This colorless announcement may seem to the reader in America nothing more than the record of a dull piece of routine, but the deed itself is different from its record.

American airmen attached to the British squadrons have long since found out that the business of bombing "dumps" often is exciting and spectacular work. Moreover, the importance of its effect upon enemy plans and operations can hardly be exaggerated. A well-aimed hit on a store of German ammunition may destroy the work of many months in the munition factories, and eripile numerous batteries for many long days.

A British airman, Lieutenant W. A. Barnes, has given The Associated Press the following account of a recent 58-minute raid on a German dump as characteristic of this form of activity:

"On this particular night there was not enough moonlight for a long raid, so the target given us was a German ammunition dump. We welcomed the change, for, naturally, the strain of long distance raids into Germany, night after night, becomes a bit wearing. Dumps are of course, situated as near as possible to the firing line; and so mean short raids.

"Dumps are by no means easy targets to find at night, for they are seldom situated near any definite landmarks, and are usually well camouflaged. By the study of maps and photographs, however, we had pretty well located the position of this one, and started out on the raid with high hopes of success.

"We flew almost due East from the aerodrome. At the end of the fifty minutes, we could just make out the outline of sheds. This was good, but we let out a parachute flare to light up the ground, and make sure we were over the target. This promptly dispelled all doubts, for the Hun searchlights opened up at once, and a hail of machine gun bullets leaped up from the ground. Anti-aircraft guns had been firing for some time, but the shells were bursting well above us, and giving no trouble.

"The parachute flare proved a real friend, because both searchlights and machine guns concentrated upon it, giving us just sufficient time to dive swiftly, release our bombs, switch on the engine, and start climbing.

"When we turned to observe results, we witnessed the finest fireworks display I ever saw. Ammunition was cracking off at record speed, dense clouds of smoke were rising, and highly colored flames were leaping a hundred feet and more from the ground.

"We watched this pleasing exhibition for some minutes until the sough of an 'Archie' burst near by to remind us that we were still over Hunland, and so turned and steered for home.

## NATIVE OF CHRISTIAN

JUDGE MARION H. GARNETT, OF  
MCKINNEY, TEXAS, DIED  
AUGUST 22.

Judge Marion H. Garnett, a native of this county, died in McKinney, Tex., at 1:30 o'clock Thursday aged about 86 years. Judge Garnett was a native of this county, being a son of Jas. T. Garnett, Sr. In early manhood he studied law and went to Texas seeking a location. Establishing himself in a town, his first important case was recovering a legacy left to an orphan girl, of which she had been deprived. He was appointed guardian of the child's estate and when she grew to womanhood she chose him as her guardian for life. In time Mr. Garnett became a highly successful and eminent lawyer and for the last 15 years has been circuit judge of his district.

He is survived by his wife but no children. Also by one brother, J. T. Garnett, of this county, and one sister, Mrs. W. W. Boone, of San Antonio, Tex.

Judge Garnett was a man of fine presence, more than 6 feet tall and weighing more than 200 pounds. His ability and fine character were everywhere recognized. He was buried in his home town.

## HAPSBURG KING FOR POLAND

Rotterdam, Aug. 23.—The recent discussions at German headquarters have resulted in the solution of the Polish question to the eminent satisfaction apparently of Austria and of Germany, but not of the Poles themselves.

Emperor Charles, as a relative, nominates his Hapsburg kinsman, the Archduke Karl Stephan, as king, and Kaiser Wilhelm is to control the Polish army and economic affairs, while the Poles themselves will have the fullest freedom to pay the piper and attend services of thanksgiving for the blessings of freedom.

The German press, which announced these things with a suspicious unanimity of sudden inspiration, attempts to glid the pill for the Poles, but the main facts remain that German officers are to train the Polish army, and that there will be closed economic agreements and tariff arrangements between New Poland and Germany, while the new kingdom is plainly warned that a loving attitude of independent dependence upon Germany, which gives all these good things, rather than upon Austria, is essential to the bargain.

## GIRL WIFE TAKES PARIS GREEN

### PURELY PERSONAL

N. L. Chrisman has gone to Hopkinsville where he has accepted the position formerly occupied by his son, Norman Chrisman, at the State Hospital. Mrs. Chrisman and daughters will join him Sept. 1st.—Eddyville Herald.

Mrs. Henry Stites, with her two children, of Detroit, is visiting the family of her parents, Judge and Mrs. James Breathitt.

J. C. Johnson has returned from Red Boiling Springs.

W. R. Howell went to Louisville last night.

### GETTING READY FOR THE FAIR NEXT WEEK

The Tennessee Central Railroad Company will not run the usual shuttle train to the fair grounds this year. This will double the traffic on Virginia Street. Chief of Police Roper has issued a request that owners of automobiles do not park their cars anywhere on Virginia Street. If this request is heeded the traffic will not become congested and many accidents will be avoided.

### DIES IN FRANCE.

Jesse Ford, of Stewart county, Tenn., a son of Mrs. Jesse Ford, of near Bumpus Mills, is reported as having been killed in France.

He volunteered over a year ago in a company raised at Dover by his captain, Tom Miller. His company was sent to Camp Sevier last September and from there to France.

## C. R. Clark & Co.

(Incorporated.)

## BIG MAIN STREET GROCERY

Among the many monuments to General Sherman, the one situated in Calvary Cemetery, St. Louis, is a most unique, compelling design. The very character of its architecture seems to emphasize the faithful and honorable spirit of this old warrior.

We believe in being faithful to a trust.  
We believe in being honorable in our dealings. We do a high-charactered work at a reasonable price.

## McCLAIID & ARMSTRONG

509 N. Main St., Hopkinsville, Ky.

Telephone 410.

## Radford & Johnson REAL ESTATE

We will sell you a farm in Christian and adjoining counties.

We know the farm lands of this community and will do our best to sell you a good farm or will sell you a nice house and lot in the city.

We have several attractive farms in our hands for sale. Prices reasonable.

265 acres 1½ miles of Fairview on rural route. Well improved and well watered, about 70 acres of fine bottom land. A bargain at \$10,000.00. Terms reasonable.

215 acres 4 miles south of Hopkinsville on Main Street Pike. Land lies well, good improvements. A nice showy place, good home in fine community.

Come to see us and we will show you something interesting.

Office: Pennyroyal Building.
